Food Policy

The Physician Payment Sunshine Act, part of the Affordable Care Act, requires that manufacturers of drug and devices report to CMS certain payments and items of value given to physicians. These items of value include meals at CME activities, such as this annual meeting. For this reason, the following food and refreshments provided at the 22nd Annual Scientific Meeting will be paid for out of registration fees and the HFSA operating budget: the Opening Reception, Poster Receptions, early morning refreshments, lunches, and coffee breaks. All coffee and tea stations, aside from continental breakfast areas will be in the Exhibit Hall.

Visas/Letters of Invitation

Letters of invitation for visa purposes will be provided by the HFSA office upon request. It should be understood that the letter of invitation is meant to help members obtain a visa and is not a commitment on the part of the organizers to provide any financial support. The decision to grant a visa belongs solely to the embassy/consulate. Should your application be denied, HFSA cannot change the decision of the government agency. Please e-mail your request to info@hfsa.org.

Special Needs

The HFSA strives to hold meetings that are accessible to all. Please tell us what you require to help make your participation more enjoyable and meaningful. For questions and more information, contact Gudrun Echterhoff at gudrun@global-mtgs.com.
