Mitral Regurgitation in Heart Failure 2019: Challenges and Opportunities

7:30 – 9:00 PM
Friday, September 13, 2019
Pennsylvania Convention Center, 200 Level, Meeting Rooms 201 A/B
Philadelphia, PA

LEARNING OBJECTIVES
Following this activity, participants will be able to:
• Define the epidemiology and prognosis in primary and secondary mitral regurgitation (MR).
• Discuss guidelines for the management of mitral regurgitation (MR) in patients with heart failure.
• Identify treatment options for patients with MR and heart failure.
• Evaluate the surgical risks for patients with MR and heart failure.
• Explain differences between the COAPT and MITRA-FR trials.
• Identify current research in progress, which may lead to advances in developing effective therapies and care strategies for patients with MR.

ACCREDITATION
Physicians:
Accreditation statement: The Heart Failure Society of America is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.
The Heart Failure Society of America designates this live activity for a maximum of 1.5 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

ELIGIBILITY
Registration for the 23rd Annual Scientific Meeting and an official name badge are required to attend this symposium.

Supported by an independent medical education grant from Abbott.

This satellite symposium is not part of the scientific program as planned by the Heart Failure Society of America Program Committee.
